PROFESSIONAL SUMMARY

Management consultant and founder with 10+ years across strategy, financial analysis, data analytics and business development, working with clients in Africa, India, Australia and the USA. Builds the models, dashboards and go-to-market plans that help leaders decide faster and grow revenue. BBA in Finance and Accounting, with project management training from the University of Tasmania and job simulations with JPMorgan Chase and Mastercard. Ready to relocate and able to supply skills assessments, English test results and qualifications promptly.

EXPERIENCE

Founder & Management Consultant Jun 2020 - Present
Legacy Technology, Zimbabwe

- Founded and run a strategy and technology consultancy serving SMEs and growth businesses across Africa and abroad.
- Built analytics and reporting frameworks that sped up client executive decision-making by 35%.
- Designed digital market-entry and sales strategies that lifted client revenue by up to 60%.
- Lead engagements end to end: scoping, financial modelling, recommendations, implementation and client relationships.

Global Expansion Strategy Consultant (Remote) Dec 2021 - Nov 2022
Ontop

- Supported the build-out of cross-border payroll and payments for distributed teams in emerging markets.
- Managed multi-country documentation, regulatory compliance and international payment processes.

Senior Data Analyst (Finance) May 2015 - Dec 2024
Cityview Dental Care / Tech City, Harare

- Delivered financial analysis, reporting and Tableau/Excel dashboards to inform management decisions.
- Applied financial and forensic analysis to spot irregularities and strengthen governance and controls.

ACADEMIC RECOGNITION

- Ranked 2nd in Punjab Technical University's BBA examinations with 86%, featured in the Hindustan Times (June 2014).
